Centre hikes paddy MSP by 3% for 2025-26 season

Pulses, oilseeds see higher raise

SANJEEB MUKHERJEE
New Delhi, 28 May

With the Food Corporation of India (FCI) sitting on huge stockpiles of rice, the Union Cabinet on Wednesday hiked the minimum support price (MSP) of paddy for the 2025-26 marketing season by a modest 3 per cent, the lowest in the past five years.

At the same time, the Centre raised the support prices of pulses and oilseeds by a higher percentage compared to the 2024-25 season. The 2025-26 marketing season starts from July 2025.

During the 2024-25 season, the MSP of paddy was raised by 5.3 per cent compared to the year-ago period.

Since the last many years, the MSPs of oilseeds and pulses have been increased more in proportion to cereals to encourage farmers to switch towards them.

For 2025-26, the MSP of groundnut was raised by 7.1 per cent to ₹7,263 per quintal, while that of soybean yellow was raised by 8.9 per cent to ₹5,328.

The MSP of tur was raised by 6 per cent to ₹8,000 for 2025-26 while urad has been hiked by 5.4 per cent to ₹7,800.

The FCI has been sitting on a huge stockpile of rice, estimated at around 60 million tonnes as on April 30, 2025 (includes unmilled paddy lying with millers) against the April 1 buffer requirement of 13.58 million tonnes.

Wheat stocks in the same period were pegged at 35.67 million tonnes against an April 1 buffer requirement of 7.46 million tonnes. Among the crops whose MSP was raised the most in percentage terms during kharif 2025-26 compared to the same period this year was ragi. Its MSP was hiked by almost 14 per cent to ₹4,886 per quintal.

Last year, too, in kharif 2024-25, MSP of ragi was raised by 11.5 per cent.

Ragi is a major crop in the whole 'Sri Anna' complex. "The hike in MSP of most-cultivated paddy crop is only 3 per cent which is lower than inflation and hike in input cost. The MSP increase of other crops is only for symbolic value without purchase arrangement," said professor Sudhir Panwar, a former member of the Uttar Pradesh Planning Commission.

Meanwhile, the Cabinet's announcement comes amid the southwest monsoon reaching its destination earlier than usual. This is giving a boost to the sowing of kharif crops, which contribute over 50 per cent of India's total annual foodgrain production. "In the past 10-11 years, there has been a 'massive' rise in MSP of 14 kharif crops in line with the recommendations of the Commission for Agricultural Costs and Prices," Union Information and Broadcasting Minister Ashwini Vaishnaw said while announcing the decisions of the Cabinet.

Among other crops, the MSP of sunflower seeds has been raised by 6.1 per cent in the 2025-26 kharif marketing season to ₹7,721 per quintal while for sesame seeds, it has been hiked by 6.2 per cent to ₹9,846. For nigerseed, the hike was by 9.4 per cent to ₹9,537 for 2025-26.

Among cash crops, cotton MSP has

Foodgrain production hits record 353.95 mt

India's foodgrain production touched an all-time high of 353.95 million tonnes (mt) in 2024-25 crop season that will end in June, largely aided by record harvest of rice, wheat and maize, according to the third advance estimates.

In absolute terms, foodgrain production rose by nearly 22 mt in 2024-25 Y-o-Y. Rice production in touched a record 149.07 million tonnes, up 8.2 per cent Y-o-Y, and wheat production was estimated at an all-time high of 117.50 million tonnes. The Centre in its earlier estimates had estimated wheat output at 115 mt.

Cabinet okays ₹7,052 cr highway, rail projects

The Union Cabinet on Wednesday approved multiple infrastructure projects across national highways and railways, worth ₹7,052 crore.

These include the construction of a 108.134 km four-lane Badvel-Nellore corridor at a cost of ₹3,653.10 crore in Andhra Pradesh, and railway multitracking projects in Madhya Pradesh and Maharashtra amounting to ₹3,399 crore.

The Cabinet also approved two railway projects: the Ratlam-Nagda third and fourth lines, and the Wardha-Balharshah fourth line, which are scheduled for completion by 2029-30.

been raised by 8.3 per cent to ₹7,710 (medium staple) and by 7.8 per cent to ₹8,110 (long staple), respectively, for 2025-26.

Crop loans

The Cabinet also approved continuation of the Modified Interest Subvention Scheme (MISS) for 2025-26 under which farmers get short-term credit at affordable rates through their Kisan Credit Cards (KCC). Continuation of the scheme will cost the exchequer ₹15,640 crore.

Under the MISS, farmers get short-term loans of up to ₹3 lakh through KCC at a subsidised interest rate of 7 per cent, with 1.5 per cent interest subvention provided to eligible lending institutions.

'Threat of flash floods rising in India'

SANJEEB MUKHERJEE
New Delhi, 28 May

A new paper by some eminent scientists shows that sub-daily rainfall extremes have been steadily rising over the country that could precipitate the threat of flash floods.

The paper, published in journal *Nature*, was written by former secretary in the ministry of earth sciences Madhavan Nair Rajeevan along with eminent scientists Kadiri Saikranthi and Basivi Radhakrishna. The India Meteorological Department on Tuesday predicted "above normal" monsoon across India in 2025.

The research used hourly self-recorded rain gauges' data from 1969 to 2010 from IMD to arrive at the conclusions.

It said that the frequency of short-duration, heavy rainfall events over Central India and long-duration heavy rainfall events over North-Western Coasts of the country has risen considerably in the last few decades as compared to the

previous decades.

Meanwhile, another study by the School of Environmental Sciences, at Jawaharlal Nehru University, in collaboration with IIT Madras and Weizmann Institute of Sciences, Israel, showed how global warming is reshaping India's monsoonal cloud patterns.

The research, published in *Science of the Total Environment*, used 20 years of radio-sonde data from 16 locations across India to conclude that the number of cloudy days

during the monsoon season has increased by around 13 per cent per decade.

However, this doesn't mean more low level, rain-heavy clouds. In fact, low-level clouds fell by 8 per cent, while high-level clouds — which often trap heat — have increased by about 11 per cent per decade. This shift is significant, it said. It said that low-level clouds are typically thicker and more effective at reflecting sunlight, helping to cool the Earth's surface.

44 MLAs ready to form new govt, Manipur guv told

Forty-four members of the Legislative Assembly (MLAs) are ready to form a new government in Manipur, Bharatiya Janata Party (BJP) legislator Thokchom Radheshyam Singh claimed on Wednesday after meeting Governor Ajay Kumar Bhalla. Singh, along with nine other MLAs, met the governor at the Raj Bhavan.

"Forty-four MLAs are ready to form a government. We have conveyed this to the governor. We also discussed what solutions can be there for the issue," he said.

Asked if they would stake a claim to form the government, he said the BJP's

central leadership will take the decision. "However, to inform that we are ready is similar to staking a claim to form a government. Speaker Thokchom Satyabrata Singh has individually and jointly met the 44 MLAs. There is no one who opposes the formation of a new government," Singh said. "People are facing too much hardship. In the previous term, two years were lost due to Covid, and in this term, another two years have been lost due to the conflict," he said.

In a post on X, the Raj Bhavan said a delegation of 10 MLAs called on Governor

Bhalla to discuss the law and order and political situation in the state.

"They emphasised the need to initiate a peace process, strengthen security arrangements, and urged the early formation of a popular government, submitting a memorandum on these key issues," it said. Manipur has been under President's Rule since February after BJP leader N Biren Singh resigned as the chief minister, amid criticisms about his government's handling of the ethnic clashes between Meiteis and Kuki-Zos, which broke out in May 2023.

Foreign Secy Misri meets US Under Secy Kessler

Foreign Secretary Vikram Misri (right) met US Under Secretary Jeffrey Kessler in Washington to advance bilateral cooperation in critical and emerging technologies, the Indian Embassy in Washington said. Misri is in US from May 27-29 to meet with senior officials of the US administration, the Ministry of External Affairs said in a statement on Monday.

In a post on X, the Indian Embassy said that Misri met Kessler to advance India-US cooperation in critical and emerging technologies. "They also discussed early convening of the India-US Strategic Trade Dialogue to deepen tech and trade collaboration," it said.

All-party teams receive support from world leaders in fight against terrorism

Saudi Arabia said it stands with India's fight against terrorism emanating from Pakistan; Italy offered bilateral cooperation, while Indonesia extended its support to New Delhi's stance against the global menace in all possible forums, the multi-party delegations said on Wednesday.

As India's global outreach following Operation Sindoor entered seventh day, its zero-tolerance stance on terrorism was hailed in South Africa while France reiterated solidarity in its fight against the scourge.

"We are fighting against terrorism in France also. Like the president of the delegation (Prasad), I agree it (terrorism) is like a cancer that has to be fought against. We are stronger when we are together against this cancer," said Thierry Tesson, President of the group.

Illegal migrants challenge to our survival, national integrity: V-P Dhankhar

Vice-President Jagdeep Dhankhar on Wednesday said illegal migrants, numbering 20 million, have made India's national security and sovereignty vulnerable. "When the sanctity of our border is breached by unchecked illegal migrants, it is not a question of law and order but a question of our survival and national integrity," Dhankhar said. He was addressing the convocation ceremony of the International Institute for Population Sciences (IIPS) in Mumbai. "These people make a huge demand on our national resources. They take work from our hands and make our national security and sovereignty vulnerable," he said.
